

Völuspá — live audio & visual performance

TECHNICAL RIDER

Band composition

Lola and Yukao Meet (contact@lolaandyukaomeet.com +33 645980089) consists of 2 performers:

- Yukao Nagemi: live graphist: tablet, PC, and own built drawing machine
- Lola Ajima: live musician: singer/cellist, loop station, USB controller and effects on PC.

Equipment (brought and expected)

- **The artists will supply**
 - 2 PCs + 1 sound card + 1 tablet (30x40cm) + 1 USB controller (30x25cm) + loopstation
 - 1 drawing machine made out of webcam + metal structure (base: 30x40cm, height 40cm)
 - 1 cello + 1 microphone
- **The venue will supply**
 - 1 video projector (HD and preferably wide angle) + 1 HDMI cable
 - 1 console + 8 identical loudspeakers
 - power sockets for minimum 10 power supplies (with earth pins)
 - 1 small platform (height approx 1.1m & size min 0.5x0.5m)
 - 1 chair + 1 low table (height approx 70cm & size min 0.5x0.5m)

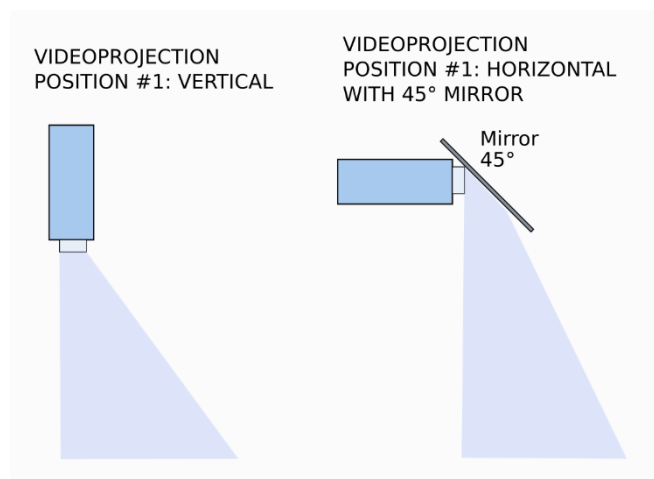

Sound and visual check

Duration of our sound and visual check, including installation: min. 1 hour. If possible, we would like a backstage room.

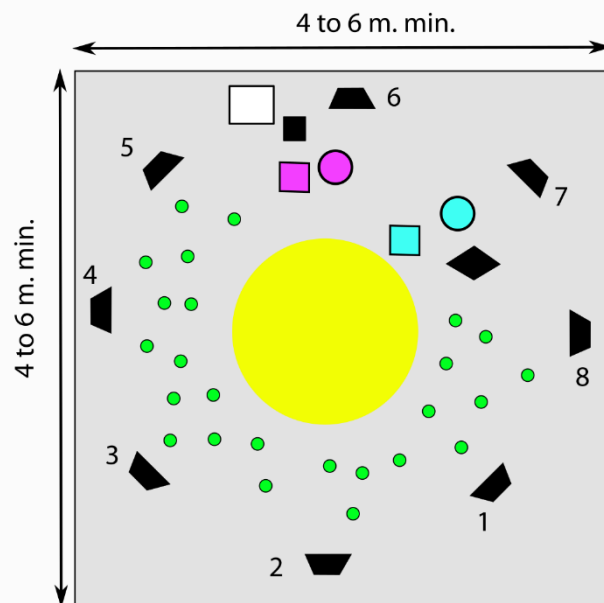

Stage plot

The loudspeakers should be equally distributed on a circle or an ellipse.

The video projector should be placed vertically (if the projector is suitable for that) or a mirror should be placed in front of the projector to redirect the beam vertically towards the floor.

STAGE CONFIGURATION

SYMBOL EXPLANATION
